TRUMP ADMINISTRATION WINS

✅ **BOARD OF PEACE** | In the inaugural gathering of the Board of Peace, the members pledged **\$5 billion** towards the Gaza humanitarian and reconstruction efforts. ✅ **TAX RETURNS** | IRS data shows that the **average tax refund is 11% higher** — an average increase of about \$1,000 per filer — than last year at this time due to the Working Families Tax Cuts Act passed by President Trump.

✅ **JAPANESE INVESTMENT** | According to the President, **Japan is now officially moving forward** with the first set of Investments under its \$550 billion commitment to invest in the United States of America.

SURVEY

TARIFFS

The Supreme Court wrongfully struck down tariffs imposed by President Trump. In his dissent, Justice Kavanaugh pointed to the other tools available to the President that would make their ruling invalid.

Do you support President Trump's use of tariffs to protect American businesses and jobs? Why or why not?
